

LIFE-SAVING--PENICILLIN NOW AVAILABLE AT HOSPITAL

YESTERDAY:

Little Johnny Sugita, age 12, once a care-free, fun-loving boy filled with mischief, as is typical of boys everywhere lay critically ill, his life a mere shadow of what it was formerly, as a result of a ruptured appendicitis with the setting in of blood poisoning. As a pendulum sways, so was his life swaying -- between life and death!

But in the distance was hope -- penicillin, the miracle drug! But perhaps that distance was too far to reach, for penicillin is reserved for the armed forces and is not on the market for civilian use. Through the painstaking efforts of Dr. A. Pressman, penicillin was promised to save little Johnny's life, by the Regional Army Hospital on Davis Mt. in Tucson, Ariz., after first contacting the Denver Medical Depot, where Poston's medical supplies are obtained.

TODAY:

Within 24 hours, the penicillin arrived, but it was not used for little Johnny. As the saying goes "Where there's a will, there's a way," and Johnny's will to live had won out. In the face of death, Johnny had made one last stand and had won out, on "old man" death. Defeated, death had faded out of the picture and in his stead stood "lady" hope with all her banners waving.

TOMORROW:

Although Johnny did not need the penicillin in his fight with death, that penicillin Johnny did not use will remain here in Poston to bring hope to the patients whose lives will hang as though on a swaying branch between life and death. Penicillin the hope of mankind--the drug to bring life back to the gallant men and women, who are fighting, struggling, and dying to make the world a place of love and happiness -- the drug of hope so that little boys and girls like little Johnny need not die, for they are the leaders of the world of tomorrow, where peace will be had and perhaps that dream of Utopia will come true. Truly, penicillin is the life-restoring drug-- a dream come true! By Tsurue Taniguchi

Red Cross to Put Out Second Yearbook

The second Annual Red Cross Book is being edited, of which about 4500 copies will be distributed sometime in October to the Red Cross members of Poston, according to the Poston 1 Red Cross office.

The book will include over 50 pages of photographs, articles, and brief write-ups, both in English and in Japanese, concerning the work of the Red Cross Society in Camp.

NEW MANAGERS CHOSEN

Yasuko Horino and Mitsugi Hane have been chosen block managers of Blocks 46 and 16, respectively. About a week ago, Miss Horino replaced Takashi Morioka, who has relocated to Chicago, and Mr. Hane replaced Tsumao Sumida, who has assumed the position of unit administrator.

COUNCIL CHOOSES COMMITTEE

At the local council meeting held last Wednesday afternoon, a committee for preparation of a memorial service for Pfc. Johnny Yamamoto and Pvt. Joe Shiomichi, who were killed in action in Italy was appointed. On the committee are Tsuneo Sumida, unit administrator; Richard Nishimoto, block managers' supervisor; M. Nagai, member of the executive board; Dr. James Suzuki, vice-chairman of the local council; Sekizo Yoshikawa, community activities; Minoru Okamoto, chairman of the local council; Ryuzo Kitagawa, Howard Kaku-do, and K. Horita.

Also at that time Dr. James Suzuki was elected as representative from block 47, which includes the area around the hospital.

A new committee was also elected with T. Tanaka was general manager for the trading post. The trading post is scheduled to open in September and will be opened on the second and fourth Sundays of each month.

Correction

In the August 17 issue of the Chronicle, it was erroneously stated Rev. Bunji Fujimura of Unit II gave the memorial address at the second memorial service, held Tuesday, for Pfc. Shichizo Toyota and T/Sgt. Atsushi Sakamoto, killed in Italy July 13 and 17, respectively. In reality, Rev. Zeishi Kawasaki of Unit III gave the memorial address; Rev. Fujimura gave a Buddhist bible reading. Also, Rev. Noboru Tsunoda, stated as being from Unit II, is from Unit III.
